

Natural Stone Made in Italy

Tumbled Antique Marble Tiles

Natural Stone Made in Italy | Premium heritage flooring & wall cladding

Tumbled marble flooring – warm, antique “Old World” character.

Product Description

SENINI STONE tumbled marble tiles are 100% natural Italian marble, mechanically aged through a traditional tumbling process that rounds edges and gently softens the surface. The finish reveals a naturally worn patina with a **matt**, silky feel and subtle micro-texture. Each lot shows authentic marble variation, delivering the timeless “heritage luxury” aesthetic essential for **Coastal living, Period restorations, and Modern Farmhouse** designs.

Finish & Performance

- **Finish: TUMBLED** (rounded non-uniform edges typical of antique stone).
- **Surface character:** Matt, softly textured, timeworn effect.
- **Recommended use:** Premium residential floors, hospitality, spas, boutiques, and feature walls.
- **Outdoor & Poolside:** Slip resistance makes it ideal for pool surrounds, alfresco areas, and patios.
- **Slip-resistance:** Naturally higher than polished marble due to the micro-textured surface.

Material Options (examples in stock)

Primary Italian marbles and travertines available in tumbled finish include BOTTICINO, CARRARA, BARDIGLIO, NERO MARQUINA, ROSSO VERONA, GIALLO REALE, BIANCONE, and selected tumbled italian TRAVERTINES. Other stones on request.

Standard Formats

Available in a variety of sizes to suit traditional and contemporary layouts:

100 x 100 mm	305 x 305 mm
100 x 200 mm	406 x 406 mm
200 x 200 mm	406 x 610 mm
200 x 400 mm	610 x 610 mm

Custom sizes, special cuts, and bespoke trims are available upon request.

Typical Thickness

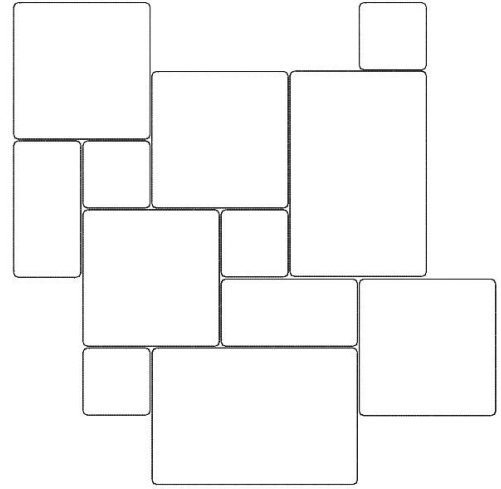

- Standard thickness: 10 mm.
- Other thicknesses available for coping or specific projects.

Selection of tumbled marble & travertine colors.

Patterns & Accessories

- **French Pattern / Opus Romanum:** Sets available in tumbled finish for a classic, modular look.
- **Mosaics & Trims:** Coordinated borders, listelli, and mosaic sheets available by collection.

French Pattern "Italian Opus Romanum" in Botticino tumbled marble.

Packaging & Logistics

- **International Shipping:** Tiles are packed in reinforced wooden crates specifically designed for overseas transit.
- **Traceability:** Full batch control and labelling for seamless **on-site** management.
- **Reliability:** High-volume production capacity ensures consistent supply for both boutique residential and large-scale commercial developments.

Why Partners Choose SENINI STONE

- Authentic Made-in-Italy antique look, not an imitation surface.
- Reliable production capacity and consistent quality for residential and commercial volumes.
- Design-driven collections aligned with Mediterranean, farmhouse, rustic-luxury and heritage styles.
