

Located in the city of Cachoeiro de Itapemirim-ES, Brazil, Della Pietra is a company focused directly on the export of ornamental stones to the entire world.

Founded in 2016, the company has been expanding in several markets, working with blocks, slabs, and cut to sizes, in order to fulfill the needs and expectations of its customers. The main materials processed by Della Pietra are mostly quartzites, premium dolomites & granites. Please check our website:
