

We are a family owned Maser Group, specialised in providing industrial supplies to industries, differentiated by offering a range of top quality products, a high degree of service to our customers and committed to the development of our staff. With almost 50 years of commercial activity, we have established ourselves as a leading company in different sectors.

Maser's aim is to become an international business group marketing leading products in its sector, generating value for all our stakeholders. We represent the world's leading manufacturers such as Veegoo US, across Europe America. We have our own manufacturing brands such as Belcut for cutting tools, Belluz for polishing, and Belcare for chemicals.

Since 1976, our customer focus and our commitment to excellence have been present in all our activities and projects.

The quality of the product and the excellence in the service we provide to our customers, allows us to be a leading business group.
