

OPTIMIZATION, RESEARCH AND DEVELOPMENT OF NEW SERVICES AND HIGH-QUALITY PRODUCTS FOR THE CEMETERY MARKET.

Pilla S.r.l. was established in 1935 and is positioned in the market for the best production quality, service and innovation.

From the mold workshop, we move to foundry for die casting and micro lost wax casting. The product is completed by a brushing and painting department able to realize more than 70 different standard finishing.

We produce everything in-house, and thanks to this strong capability we can devote ourselves as much to standard production as to the creation of customized products.

Thanks to these peculiarities, we produce for Pilla brand and also for other cemetery businesses all over the world.

Marble workers and undertakers associate the name Pilla with a certainty of guarantee, products for their positive image.
