Purpose built to enhance your workflow

Durable & Consistent

Achieve the result you want everytime

Painless Cleanup

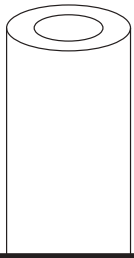

Strong adhesion and easy removal

Malleable & Flexible

Molds to all shapes and adheres to all surfaces

Double Liner

Benefits

- Easy to see yellow middle liner for simple picking and improved efficiency
- Clear, easy release mylar prevents design distortion
- Thick, high-quality rubber material provides outstanding blast resistance, and is suitable for most operations
- Excellent adhesion for clean blasting and a good hold throughout the entire process
- Easy removal after blasting for quick and efficient clean-up

Single Liner

Benefits

- Durable, flexible rubber conforms to uneven or cornered surfaces
- Thin yet durable rubber allows for precision on shaped or uneven surfaces while providing excellent blast resistance
- Uniform cuts are guaranteed by the roll's consistent thickness
- Excellent adhesion for clean blasting and a secure hold throughout the process
- Easy removal after blasting allows for quick and efficient clean up

U-Blast Accessories

Fillers

- Our fillers will help you get the job done by protecting existing designs and ensuring thorough adhesion
- They are compatible with U-Blast Stencil products
- No. 2 is designed for polished or smooth surfaces
- No. 3 is designed for axed or frosted surfaces

Strip Tape

- Clear mylar backing for easy-cut and release lining
- Malleable to conform to any shape
- High tack acrylic adhesive for a strong hold on all surfaces
