

Finalit StoneCare 2025

Details on our company

Finalit Stone Care GmbH is an Austrian company with its headquarters in Baden near Vienna. Our international network covers more than 22 countries worldwide.

Finalit is the market leader for stone and ceramic care in Europe, due to its professionally executed service and high-quality products. Finalit teams have been cleaning and impregnating natural and artificial stone for 28 years. Both private and public institutions rely on the experience of Finalit.

Finalit Products

Finalit products have been developed using decades of stonemasonry experience and are highly efficient concentrates. The product range includes basic cleaners, special cleaners, impregnations, care products, additives and extensive accessory that is necessary for the treatment of stone and ceramic tile, as well as concrete and terracotta.
